General income (salary, pensions	s, business	profits,	rent) usuall	y uses perso	nal allo	wance,

basic rate and higher rate bands before savings income (mainly interest). Scottish taxpayers are taxed at different rates on general income (see below).

To the extent that savings income falls in the first £5,000 of the basic rate band, it is taxed

at nil rather than 20%. The PSA taxes interest at nil, where it would otherwise be taxable at 20% or 40%

Dividends are normally taxed as the 'top slice' of income. The DA taxes the first £1,000 of

dividend income at nii, rather than the rate that would otherwise apply.
